

Why Susy and Eric Matheu and Yellow Rose Realty? What is our value proposition?

For starters, you are not only working with Realtors. You will have two BROKERS working for you. The BROKER designation requires extensive education, experience and expertise, plus passing a comprehensive exam that is above and beyond what is required of a Realtor.

We have over 20 years combined real estate experience.

We do not use "flavor of the month" transaction coordinators or assistants. We are the only ones involved in the transaction from beginning to end and the buck stops with us.

Real estate is not a "retirement job", "side hustle", etc. to us. It is ALL we do. If we are not helping our clients buy or sell homes, we are not putting food on our table.

We work with both buyers and sellers

We live service and responsiveness...our phones are by our side day and night, seven days a week.

We work throughout the Greater San Antonio area, New Braunfels and Canyon Lake and have a network of referral partners throughout Texas.

We both hold multiple specialty designations covering the full spectrum of residential real estate brokerage.

We are both native Spanish speakers.

We have a network of professionals in lending, title, home inspection and skilled trades that we can call on and refer.

Eric: 210-837-0903
Susy: 210-417-5239
